WORK EXPERIENCE

Discovery (Eurosport)

02.2020 - Present

Senior Experience Designer (Connected Devices)

- I lead the creation of the connected TV app for Eurosport for multiple platforms.
- As part of the connected devices team, I look after the strategy for Eurosport on voice technologies.
- As a member of the design team I also contribute to the development of the design system and support of the team.

Publicis.Sapient

05.2016 - 02.2020

Senior Experience Designer

- Worked on multiple clients and projects, for a variety of industries.
- Engaged on both short and long-term projects where I used different skills, from research and prototyping to vision concepts.
- Became a voice specialist and was involved in multiple initiatives to develop the agency's voice capabilities.

7digital

02.2015 - 02.2016

User Experience (UX) Lead

- Led the newly established design team working across mobile and web.
- Worked on the introduction of design thinking into the product development process by championing the use of data and user research, and striving for a consistent multi-platform experience.

Accenture

06.2013 - 02.2015

User Experience (UX) Consultant

- Worked across a variety of industries, from government to retail in medium to long term projects.
- Led the design delivery of a new government project and helped train and mentor junior colleagues.

Blip Blip Industries

08.2012 - 06.2013

Creative Technologist

Worked as a designer and developer on two projects:

1. The development of a low resolution LED screen that displayed live interactions through Kinect.
2. A MIDI player made with water-tuned wine glasses.

Multitouch Barcelona

10.2012 - 02.2013

Creative Technologist

Worked as a designer and developer on two projects:

1. The creation of a smart shelf to help organise a DVD/CD collection.
2. The development of a customised ping pong scoreboard for an inter-agency competition.
